NAME: PEOPLES BIODIVERSITY REGISTER AT GHOKLAJOTE VILLAGE

PLACE: Ghoklajote Village, Patharghata GP, Matigara

DATE: 03/12/2019

OBJECTIVE:

- This survey was conducted to study the biodiversity in nearby locality by observing the surroundings as well as to study the diversity of living beings of the past from the interaction with the local people.
- This study was aimed to register the biological species to understand their presence status as well as to acquire knowledge about the existing as well as extinct species.
